

A family consisting of a man, a woman, and a young girl are standing in a workshop or studio. The room is filled with wooden shelves holding numerous jars of various sizes, some containing green powders or granules. A large screen in the background displays a lush green forest scene. The family is looking at the screen with interest. The man is wearing a blue shirt, the woman is wearing a red top and a grey cardigan, and the girl is wearing a yellow shirt. The workshop has a rustic feel with wooden tables and drawers. Various tools and materials are scattered on the tables, including bottles, brushes, and small containers. The lighting is warm and comes from several pendant lamps hanging from the ceiling.

What will the visitor see?

The visitor will enter the very heart of creation: an authentic workshop representing the place where the entire Windows to infinity universe was born. There they will discover the first sketches, the sculptures in development, the pots of paint, brushes, textures and real materials that gave life to the characters and the great Monumental Visions.

Several screens will show the creative process in detail - from the initial sketches to the final constructions - revealing the secrets and techniques of immersive art. The most surprising thing is that this space is a real, living workshop that artists use to touch up pieces in each assembly. The public will feel that they are breathing the artistic essence and will have the opportunity to enter the intimate magic of creation.

OWS FINITY

Concept

The Creative Process es una experiencia inmersiva que transporta al visitante al lugar donde todo comenzó: el taller del artista. Aquí se revela la alquimia de la imaginación en bocetos que se transforman en esculturas, ideas que se convierten en mundos monumentales, pinceladas que abren ventanas a lo infinito. Entre herramientas reales, materiales auténticos y proyecciones que muestran el trabajo de los creadores, el público vivirá la emoción de estar dentro del proceso artístico. Más que una exposición, es una invitación a descubrir la chispa del origen, donde cada obra cobra vida por primera vez.
