A UNIVERSE OF WONDERS

Technical File The Grand Central Model

**WINDOWS
TO INFINITY**

By Expotour Itinerant

What will the visitor see?

The visitor will encounter the Monumental Model; a unique and spectacular piece of 140 m² that serves as the presentation card of the Windows to Infinity universe.

This masterpiece is divided into 10 zones representing the 10 initial worlds of the exhibition. Each one is designed as if it were an authentic theme park in miniature.

In the Monumental Model, the public will discover:

- Hotels, swimming pools and park entrances.
- A steam train moving around the entire perimeter to its stations.
- Huge Windows to Infinity hot air balloons flying over the park.
- Restaurants, shops, photocalls and attractions, represented with an amazing level of detail.
- Almost 3,000 miniature figures that bring this universe to scale.

The model can be contemplated from all four sides, offering a panoramic view of everything to come. It is a magical and spectacular preview that introduces the visitor to the Windows to Infinity immersive journey.

A UNIVERSE OF WONDERS | CONCEPT

OWS FINITY

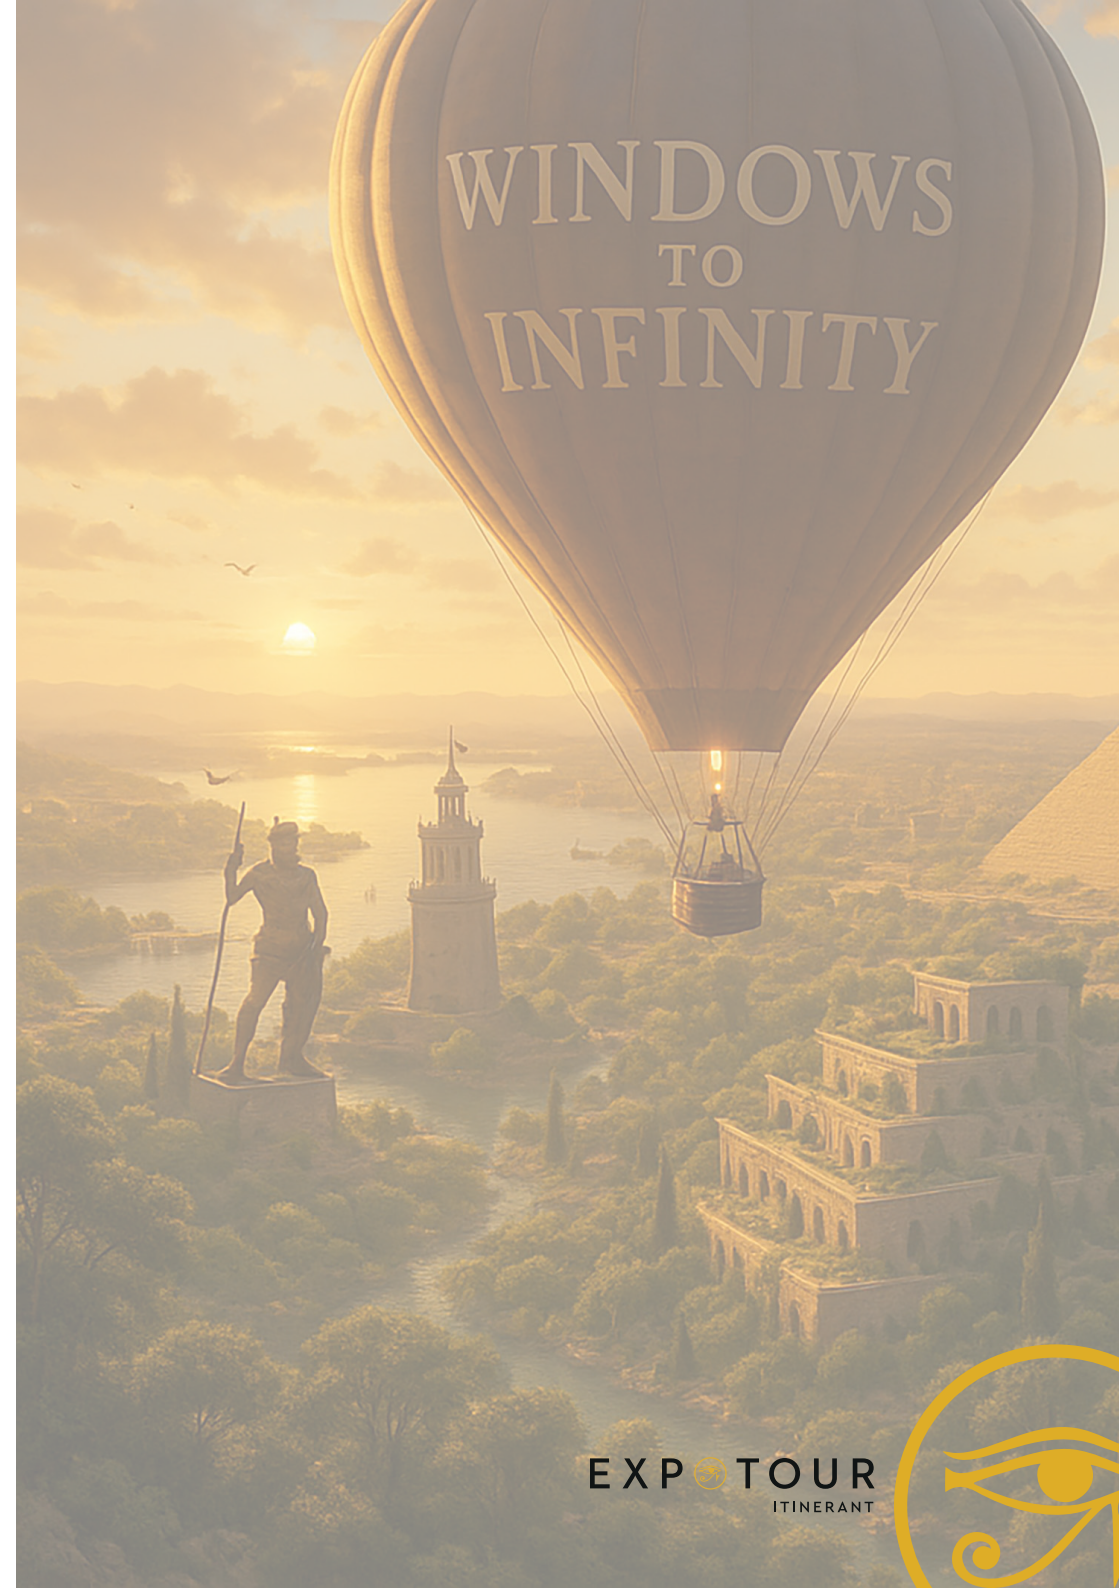

Concept

A Universe of Wonders is the gateway to the Windows to Infinity cosmos. The Monumental Model is not just a representation; it is an experience in itself. It is a theme park on a scale that reflects the richness and diversity of the worlds that the public will discover in the exhibition.

Every detail - from the moving trains to the hot air balloons in the sky - is conceived with artistic precision to awaken the imagination and anticipate the grand experiences to come.

It is a colossal work of art that summarizes in a single space the essence of Windows to Infinity: an endless universe of creativity, emotion and wonder.
